

REDWOOD ART GROUP ANNOUNCES RAVE 2021 EVENTS

The pandemic of 2020/2021 has been a challenging time with the postponements and cancellations of live events. So, to support our artists and galleries and bring them together with our loyal collectors and art enthusiasts, we've created **RAVE** (Redwood Art Group Virtual Events).

Our 2021 **RAVE** schedule is intended to bridge the time until we can once again be together for live events. Once live events begin, we anticipate **RAVE** events becoming an integrated part of all our fairs, giving a worldwide audience the experience direct from the fair floor.

RAVE is not a viewing room, but a real experiential platform where you can meet and

talk to the artists and gallerists, attend unique events, and have an art buying experience from wherever you are virtually!

Join us for an exciting schedule of events and an amazing array of art. What artwork will you take home to **RAVE** about?
